Please remember with purchases of any UK equities, including shares and stock units of investment trusts, there is mandatory government stamp duty (currently 0.5%) on the amount invested. With purchases of certain international equities there may be additional stamp duty charges in other jurisdictions on the amount invested. Also, there is a PTM (Panel on Takeovers and Mergers) levy of £1.00 for all deals in UK quoted shares over £10,000. Purchases and sales of some investments such as SIT stock may be subject to a dealing spread (the difference between the buying and selling prices).

HSDL collects any dealing charges by adding them to the cost of buying investments, or by taking them from the sale proceeds. HSDL may deduct these charges, its administration charges or any other applicable charges from cash held in your SIT SIPP or by selling any investment you hold.

HSDL may apply other charges in relation to the dealing and other services it provides. Information in relation to these charges is contained in The SIT SIPP Dealing Service Terms and Conditions, which explain your relationship with HSDL. You should read these terms and conditions and confirm the latest charges before making any decision to invest.

Stockbroking Administration Charges

Transfer out of shares to another pension provider	£15 per investment
Ad hoc statement or valuation (on request)	£30 per item + VAT

The charges described above, with the exception of the transfer in fee, will be deducted from cash held in your SIT SIPP in the first instance. HSDL will use all reasonable endeavours to obtain instructions from you to liquidate specified investments in your SIT SIPP to provide sufficient cash to pay any outstanding fee or charge in the event that there is insufficient cash held in your SIT SIPP to satisfy in full the amount of such fee or charge. Investments held in your SIT SIPP may be sold if you do not give instructions to Halifax Share Dealing Limited within 15 business days of the date on which the relevant fee or charge becomes payable.

The underlying investments you hold in your SIT SIPP may also be subject to other taxes, charges and costs, some of which may be deducted directly from your investment or prior to any return being allocated to you.

The charges described may be varied from time to time. The above fees exclude the cost of any advice you may require. If you require advice, you would agree this cost separately with your financial adviser. Please note that the charges for The SIT SIPP may be higher than for a stakeholder plan.
